CREATIVE IDEAS LEAD TO INNOVATION AND BETTER FUTURE

Beginning

Government Polytechnic for Girls - Ahmedabad (GPGA), a premier diploma engineering institute was established in the year 1964 with the aim to provide technical education to girls in the heritage city of Ahmedabad. It is located right opposite to PRL and adjacent to ATIRA, in the throbbing educational hub within the heart of the city and in the vicinity of reputed institutes like L.D. College of Engg., Gujarat beautiful green campus which has its own flora and fauna.

At present, GPGA offers 3-year diplomas in 6 programmes under Commissionerate of Technical Education and is affiliated with Gujarat Technological University (GTU). These are Diplomas in Architecture Assistantship (DAA), Biomedical Engineering (DBE), Computer Aided Costume Design and Dress Making (DCACDDM), Civil Engineering (DCE), Computer Engineering (DCoE), Electronics and Communication Engineering (DEC) and Information Technology Engineering (ITE).GPGA has a tradition of imparting quality technical knowledge and ethical values to the students. No wonder GPGA has been ranked among top 10 government diploma engineering colleges in Gujarat consistently over the past five years.

Vision and Mission

VISION

- We aim to produce technically skilled women entrepreneurs in clothing and fashion who are empowered with innovation and modern technology.

MISSION

- To create technically skilled and empowered students in clothing and fashion through quality education
- To facilitate job placements / entrepreneurship for maximum students.
- To encourage care for the environment to cultivate a sense of social responsibility among one and all.

MESSAGE FROM PRINCIPAL

The institute is dedicated for overall development of the students, and hence, we organize various co-curricular and extra-curricular activities along with the regular academic works. Here, it has been tried to provide glimpses of those activities. Also various departments have organized seminars, workshops and industrial visits for making aware the students regarding latest industrial development. Many students got funding from SSIP 2.0 (Student Startup and Innovation Policy) scheme. The students of the institute are also shining in the placement fare organized by the institute. The students have also participated in various NSS activities and learned to help the society. Further, many activities have been carried out under Gymkhana celebrations. The most remarkable thing happened this year was inauguration of Central Computer Centre with the help and supports of Alumni Association. Finally, I would like to express my thanks to the team for putting their nice efforts in publishing this news letter.

For years, the institute's major focus and concern have been our students and our institution strive to impart the best knowledge in respective fields for promoting and pursuing multidisciplinary diploma engineering in the most disciplined manner. Every student of the institute has been among some of the best talents of the vibrant state of Gujarat.

Many of GPGA's alumnae have established themselves as entrepreneurs while some have continued higher studies with well-known engineering institutes of India as well as abroad. Thus, they have carved a niche for themselves in various technical fields throughout the state, our nation and even abroad.

The institute has an excellent track record of placements in past few years and students of GPGA have proved their mettle in industry, academics, and administration over the last many years. I urge everyone, including staff and students, to make excellent careers by availing the unique opportunity that GPGA provides through classroom teaching, laboratory instructions, industrial trainings and participation in sports, cultural and other extra-curricular activities of interest. Recently, formation of GPGA's Alumni Association has also been undertaken.

I express my sincere gratitude to all our stakeholders for their continued support, cooperation and active involvement to make GPGA a citadel of Technical Learning, which sets its own bench

-Shri B.B.Soneji

MESSAGE FROM HOD

Dear Students,

It is my pleasure to present the July 2023 issue of "Warp & Weft," the CACDDM Department's official newsletter. This publication showcases our department's excellence, highlighting outstanding student and faculty achievements.

This issue spotlights the latest Fashion Design Department news, achievements, and innovative projects, celebrating student and faculty creativity and excellence.

I extend sincere gratitude to the "Warp & Weft" team for their dedication, creativity, and attention to detail. I also thank CACD&DM faculty members for their ongoing support, expertise, and passion for fashion education, which are invaluable to our students and community.

-Dr. F.V. KUGASHIYA

INDUSTRY VISIT

Visit to Alpha Mall, Vastrapur 29/02/2024

Fourth-semester students embarked on an educational trip to Alfa Mall, Vastrapur, gaining insights into various brands, patterns, and their significance. Meanwhile, second-semester students (Term 232) visited the same mall, exploring current fashion trends, styles, and the latest market offerings, as well as visual merchandising techniques.

PARENT TEACHERS MEETING

Department organized parent teacher meeting twice in term and we discussed problems of parents and students and got solutions and also took feedback of our department.

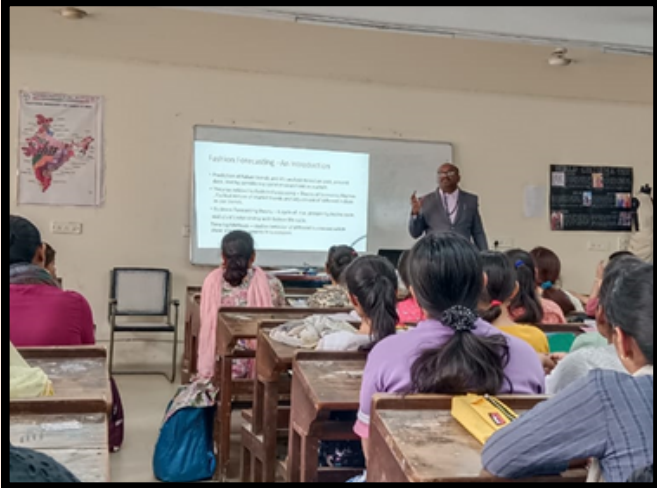

EXPERT LECTURE & DEMONSTRATION

The C.A.C.D&D.M department hosted a series of expert lectures, enriching students' knowledge across various semesters. Key sessions included:

- Fashion Forecasting by Mr. Kuldeep Ghorapade (FDDI, Ankleshwar) for 4th and 6th-semester students.
- A lecture on Technical textile by Proff. Rohit Prajapati for 2nd semester students.
- Draping Techniques by Ms. Mohini Joshi for students of all semesters.
- A specialized lecture on advance AutoCAD software for 2nd and 4th-semester students, focusing on basic drawings, blocks, and human figures for garment designing and CAD (syllabus 4325106 and 4345107).

A specialized lecture arranged on Fashion Communication by Dr. Maulik shah for students of 4th semester.

These lectures provided comprehensive knowledge and essential skills, aligning with the department's commitment to excellence.

WORKSHOP

The department organized hands-on sessions for students:

- A demonstration of the latest sewing machine technology was conducted for 35 second-semester students.
- Ashwin Kumar Dhandhukia led a workshop on tool usage and rendering techniques in drawing for fourth-semester students.
- Ms. Krupa Suthar, workshop in basic AutoCAD, shared her knowledge on the software's latest technology and applications with students on May 2, 2024.

These sessions provided students with valuable practical experience and exposure to industry expertise.
