

July-2022
BUILTCON

BUILTCON

Dreams of Construction

OUR DEPARTMENT 'S...

VISION

To develop dynamic learning environment in the field of civil engineering to congregate the professional skills and innovative needs of the society.

MISSION

- To impart quality technical education by dedicated faculty using innovative learning techniques.
- To bridge the gap between professionals and academic institute.
- To inculcate moral and ethical values among the students.
- To create awareness and thirst for lifelong learning keeping in mind sustainable issues, technological trends and entrepreneurship.
- To emerge as a reliable knowledge hub for the industry, academia and society.

CIVIL ENGINEERING DEPARTMENT

GOVERNMENT POLYTECHNIC FOR GIRLS

OPP. PRL, GUJARAT UNIVERSITY ROAD, NAVARANGPURA, AHMEDABAD – 380 015

Acknowledgment

Civil Engineering Department of Government Polytechnic for Girls, Ahmedabad feels concrete to present its genuine stakeholders "BUILTCON" a semester with newsletter. This newsletter "BUILTCON" started with an objective of knowledge sharing and spreading divergent activities of Civil Engineering Department. Civil Engineering Department would also like to focus on new technology in construction field, latest ongoing and upcoming trends and events, previous month's news and events.

Civil Engineering Department consider this newsletter "BUILTCON" as a best place to appreciate the students, faculty members and stake holders for their achievements. Civil Engineering Department hope, this newsletter provides necessary motivation to the stake holders as well as also very much helpful to update our knowledge of fast-growing Civil Engineering and construction field.

Finally, Civil Engineering Department would like to extend our deepest gratitude to all members who directly or indirectly involved and give their valuable support for making this newsletter "BUILTCON". We know that without grace of all mighty GOD this thing is not possible. So, here by we are presenting Seventh Volume of "BUILTCON".

Message from Principal's Desk

Mr. B. J. Iyer

“Technology is the Gift of God. After the gift of life it is perhaps the greatest God’s gifts. It is the mother of civilization, of arts and of sciences.”

Freeman Dyson

Government Polytechnic for Girls - Ahmedabad (GPGA), a premier diploma engineering institute was established in the year 1968 with the aim to provide technical education to girls in the heritage city of Ahmedabad. It is located right opposite to PRL and adjacent to ATIRA, in the throbbing educational hub within the heart of the city and in the vicinity of reputed institutes like L.D.College of Engg., Gujarat University, L.M.College of Pharmacy and the world renowned CEPT University. It is endowed with a beautiful green campus which has its own flora and fauna.

At present, GPGA offers 3 year diplomas in 6 programmes under Commissionerate of Technical Education and is affiliated with Gujarat Technological University (GTU). These are Diplomas in Architecture Assistantship (DAA), Biomedical Engineering (DBE), Computer Aided Costume Design and Dress Making (DCACDDM), Civil Engineering (DCE), Computer Engineering (DCoE), Electronics and Communication Engineering (DEC) and Information Technology Engineering (ITE).

GPGA has a tradition of imparting quality technical knowledge and ethical values to the students. No wonder GPGA is ranked among top 10 government diploma engineering colleges in Gujarat consistently over the last five years.

For years, the institute’s major focus and concern have been our students and our institution strive to impart the best knowledge in respective fields for promoting and pursuing multidisciplinary diploma engineering in the most disciplined manner. Every student of the

institute has been among some of the best talents of the vibrant state of Gujarat. Many of GPGA's alumnae have established themselves as entrepreneurs while some have continued higher studies with well-known engineering institutes of India as well as abroad. Thus they have carved a niche for themselves in various technical fields throughout the state, our nation and even abroad.

The institute has an excellent track record of placements in past few years and students of GPGA have proved their mettle in industry, academics, and administration over the last many years. This glory has been due to the synergetic efforts of management, learned faculty, dedicated staff and sincere students over these years. I urge everyone, including staff and students, to make excellent careers by availing the unique opportunity that GPGA provides through classroom teaching, laboratory instructions, industrial trainings and participation in sports, cultural and other extra-curricular activities of interest. Recently, formation of GPGA's Alumnae Association has also been undertaken.

During the current academic year, three programmes of GPGA i.e. DCACDDM, DCE and DCoE have initiated the process of application for Accreditation with NBA. For the faculty and administrators, accreditation promotes ongoing self-evaluation and continuous improvement and provides an effective system for accountability. For the institute or programme, accreditation enhances its national reputation and represents peer recognition. Thus to further the institute's aim towards excellence, accreditation process has been undertaken. I extend my best wishes to all staff members and students of these programmes for getting accredited in the year 2021.

I express my sincere gratitude to all our stakeholders for their continued support, cooperation and active involvement to make GPGA a citadel of Technical Learning, which sets its own benchmark.

Message from HOD's Desk

Dear Students,

Skill development is the only way to self-reliance. You are the root of development. Put your efforts to achieve good grades by understanding, learning and inculcating skills under your faculties able guidance. I assure you our whole hearted support and dedication at every stage of your learning have to make your dream a reality.

With best wishes.....

Scope of Civil Engineering:

This question may be asked by most of the Civil Engineering Graduates during the studies or after the graduation.

Studying Civil engineering is the dream of every second aspirant due to a number of reasons – growth, job opportunities, salary range and continuous industry growth.

The major driving force for the present-day Construction Technology revolution is the development in Civil Engineering. The advancements in construction technology, analog new techniques for construction have resulted in developing maximum safety, economic and environment friendly structure for society.

The basic principles and performance of new construction technics are introduced in the course. Design and analysis of different civil structure are considered in detail.

The huge career scope of civil engineers is worldwide - as according to research report by Global Marketing Insights, Inc, the market size of civil engineering is expected to grow up USD 11.72 trillion by 2025.

Best Career Options After Engineering. 1) Higher Studies. 2) Public Service Undertakings. 3) Management. 4) Entrepreneurship. 5) Campus Placements. 6) Become an Expert. 7) Civil Services. 8) Look for internships. 9) Enter the private sector. 10) Chartered valuer. 11) Join the Indian Armed Forces.

The most exciting new technologies used in civil engineering is building integrated photovoltaic (BIP) glazing, which can help buildings to generate their own electricity, by turning the whole building envelope into a solar panel.

Modern construction methods are methods that are developed in construction industry with proper planning and design so that each project reduces the construction time, cost and maintain overall sustainability.

The course also covers the study of different subjects like

- Environmental and Water Resources Engineering.
- Geotechnical Engineering.
- Structural Engineering and Materials.
- Transportation Infrastructure and Systems Engineering.
- Construction Engineering and Management.

Core companies offer internships and jobs

Although there are numerous startups/small firms offering internships on specific domains, there are quite a lot of private/public sector companies that too offer internship opportunities for engineering students.

Some of the top private sector companies are:

- Ambuja cement pvt.ltd
- Ultratech
- KCT Consulting service
- PSP Projects
- Adani Infra (India) Limited
- Reliance Infra structure
- CAD CENTER
- L&T
- R. B. Construction Co. (RBC)
- P.C. Snehal Construction Company – P.C. Snehal Engineers Private Limited
- Cube Construction Engineering Limited
- SCC Infrastructure Pvt. Ltd. (Formerly, Shashin Construction Company)
- Nila Infrastructures Limited
- Bridge & Roof Co (India) Limited
- Coastal Projects Pvt Ltd (CPPL)

Some of the public sector companies are:

- R&B
- Irrigation
- Municipal Corporation
- GWSSB
- Urban development authority
- Town Planning Department
- Education Department
- IRCOL
- EIL
- ONGC
- ISRO
- AAI

- UGVCL
- Torrent
- DEFENCE SERVICE (Level Architect)

New Technologies:

These new Technologies will become mainstream in nearest future hence one can make their proper career planning and prepare themselves as per the need of that field.

- Building Information Modelling (BIM)
- Cloud and Mobile Technology
- Drones or Unmanned Aerial Vehicles (UAVs)
- Virtual Reality
- Augmented Reality
- 3D Printing
- Artificial Intelligence
- Robotics
- Exoskeletons
- The Connected Jobsite
- Autonomous Vehicles
- Advanced Materials
- The Intelligent Built Environment
- Machine Learning
- Prefabrications
- Predictive Analytics
- Construction Software and Data Ecosystem
- Self-Healing Concrete
- Advance Uses Of GPS
- New Effective Scanning Solutions
- Timber Constructions
- Wearable Technology
- Smart Building
- Modular Construction And 3D Printed Dwellings
- Smart Buildings
- Connected Homes
- Home Analytics

Term date:

5th semester:

18th of July, 2022 to 12th of November, 2022

1st & 3rd semester:

23rd September, 2022 to 24th January, 2023

Upcoming Events:

❖ Site visits:

- Water Treatment Plant, kotarpur, Ahmedabad
- Construction Site of Building, Ahmedabad
- Building Material Testing lab
- Construction Site visit at IIM Building, PSP Project, Ahmedabad
- Sewage treatment plant, Pirana, Ahmedabad
- Arrange Expert Lectures in the various fields of Civil Engineering.

❖ Webinars:

- ❖ Webinars will organize for more knowledge on different subjects of Civil Engineering.
 - Water supply & sanitary Engineering
 - Estimation & costing
 - Surveying

- Building Drawing
- Building Material
- Building Services
- Hydraulics
- Advanced Construction Technology

❖ Project

For field knowledge also organizes Project work in different aspects of Civil Engineering Subjects.

❖ Previous semester Events:

Sr No.	Event Name	Event Expert	Event Date
1	212_site Visit magnet Luxuria, Ahmedabad	SITE ENGINEER	05-Apr-22
2	212_site Visit_over Bridge Construction Site,khodiarnagar	M.D, ASHISH INFRA CONE	25-Mar-22
3	212_site Visit_d Cabin Railway Training Institute	PRINCIPAL TAINNING INSTITUTE	15-Mar-22
4	212_site Visit_kct Consultancy Services,nabl Accredited Soil Testing , Material Testing Laboratory	Quality Control Manager, KCT	11-Mar-22
5	212_site Visit_vasana Barrage, A'bad	Deputy Engineer, IRRIGATION DEPT., Ahmedabad	09-Mar-22
6	212_ultratech Knowledge Series	Neha consultant	03-Mar-22
7	212_Site visit_ KCG, Patel Infrastructure, Ahmedabad	SITE ENGINEER	07-Mar-22

❖ Ultratech knowledge series:

Student are able to understand the latest technology of ultratech cement used in construction work. They also learn about the useful products develop by ultratech cement.

❖ site Visit over Bridge Construction Site

❖ site Visited Cabin Railway Training Institute

❖ site visit kct Consultancy Services, nabl Accredited Soil Testing , Material Testing Laboratory

Students have learnt about various Laboratory tests of soil and various construction materials, useful for Construction Quality control aspects.

❖ Visit vasana Barrage, A'bad

Student are able to understand the lay out, components and Prosses of barrage which is very helpful to design the barrage.

❖ Extra-curricular Activities (ONE WEEK DAYS CELEBRATION)

❖ Site Visit KCG, Patel Infrastructure, Ahmedabad

student will Be able to know the advance RCC construction work in reality to extend their knowledge at field. They also learn about latest construction materials used in all RCC building and know the construction method of shear wall for earthquake resistance.

❖ site Visit magnet Luxuria, Ahmedabad

❖ Shining Star of Civil

Awarded by, Gujarat institute of civil engineers & architects. (GICEA) with Gold Medal & Certificate on 23rd February, 2022
Appreciation certificate by department

❖ quotes

"Architects and engineers are among the most fortunate of men since they build their own monuments with public consent, public approval and often public money.

- **John Prebble**

"Nothing can be of great worth or holy which is the work of builders and mechanics".

- **Zeno**

"It takes analytical skills worthy of a degree in civil engineering to understand when and where one is allowed to leave a car in Montreal".

- **Kathy Reichs**

"Go for civil engineering, because civil engineering is the branch of engineering which teaches you the most about managing people. Managing people is a skill which is very, very useful and applies almost regardless of what you do."

- **John Harvey-Jones**

"There can be little doubt that in many ways the story of bridge building is the story of civilization. By it we can readily measure an important part of a people's progress."

- **Franklin D Roosevelt**

OUR INSTITUTE'S

VISION

To carve a brighter prospect for the nation through excellence in technical education to foster skills, ethical values and environmental consciousness among girls while undertaking existing and forthcoming challenges.

MISSION

- To nurture technical and creative skills through quality education.
- To strengthen industries interaction.
- To impart real-life problem-solving skills.
- To foster care for sustainability of environment and importance social responsibility among girls' students.
